

## POWERPIZZA £13

Hewn from genuine corrugated cardboard, this is a faux pizza box designed to fool mugging pikeys. Slide your expensive laptop betwixt its cardboardy lips and transport home. Maybe on the back of a shitty little moped, tied on with string. ([www.humanbeans.net](http://www.humanbeans.net))

## HABITAT DAFT PUNK TABLE £1,000

Lounge-dwelling furniture designed for Habitat by garlic-eating disco noodlers Daft Punk. Both huge and black - plug it in and a Saturday Night Fever-style dance floor
